REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The explanations and exhibits of Applicants' responses of 10/25/05 and 12/19/05 overcome the Crititech website, because the supercritical and near-supercritical fluids of the Crititech process are not analogous to the claimed "fluidizing gas" of this application which also transports and delivers coating material to a substrate. The former fluids, being dense phase fluids with solvating power, would provide a different process than the instant claimed invention. As a result, it is therefore the Examiner's opinion that the instant invention patentably distinguishes over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frederick J. Parker whose telephone number is 571/ 272-1426. The examiner can normally be reached on Mon-Thur. 6:15am -3:45pm, and alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Meeks can be reached on 571/272-1423. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
